## *Union \$ Activity* *October 24 – November 11*

Beginning on Monday, October 24<sup>th</sup> we demonstrate our FA Strong unity in a three-week activity to show local merchants that we are proud union members who care about supporting local businesses. During this three-week activity we are also showing local merchants the impact faculty spending has on the local economy. The administration shows how little they care about the local economy when they want to: (a) roll back faculty promotion increases, (b) roll back amount they will contribute to faculty retirement, (c) roll back faculty wages, and (d) roll back quality faculty health insurance.

### **Union \$ Days**

Every day between October 24 – November 11 is a Union \$ Day, but we especially encourage you to go out to local merchants and spend on:

- October 25 and 26; November 2 and 3; November 9 and 10
- We encourage all faculty to spend money at local business establishments during these days to maximize the amount of Union \$ stickers in circulation. See the list of 272 local businesses who have agreed to display our CMU FA community poster (p. 3-8)

### **Using Your Union \$ Stickers & Cards**

Thank merchants for their support of faculty and share that you are a proud union member: Make the Union \$ stickers part of your spending and bill paying routine 10/24-11/11.

- Place Union \$ stickers on bills, personal checks, or credit card receipts when you purchase items from local business establishments.
- NOTE: When placing the stickers on the dollar bills or checks, please make sure to place them so as to not cover up the serial number, routing number, etc., and so remain usable.
- Union business-sized card: Use the card and give to the merchant in the event you pay with a credit/debit/ATM card. You should also place a sticker on the credit card slip you sign and return to the cashier, if possible.
- Obtain additional Union \$ sticker sheets from your FA College Representative.

## **Secret Service Office: Okay to Use Union \$ Stickers**

There shouldn't be any problem with our project. The money isn't being mutilated and the intent certainly isn't to take it out of circulation or otherwise making it unfit for use. We are using removable, non-defacing stickers. The Secret Service has jurisdiction of US currency. MEA staff sought the advice of the Secret Service Field Office in Little Rock, AK. This office advised MEA staff that applying a removable, non-damaging sticker to US currency as a means of advertising is NOT considered defacement under Title 18, Section 333 of the United States Code and that such activity IS indeed considered entirely legal. As for the referenced code – 18 U.S.C. § 333: US Code - Section 333: Mutilation of national bank obligations.
